

**JDM Food Group:  
Supporting significant growth with  
scalable solutions**

## Company Snapshot

### Company

JDM Food Group

### Industry

Food manufacture and wholesale

### Products and Services

JDM supplies over 250 customers in retail, food service and food manufacturing. It is also the leading supplier to Tesco for garlic, ginger, sweet potatoes and butternut squash

### Website

[www.jdmfoodgroup.co.uk](http://www.jdmfoodgroup.co.uk)

### SAP Solutions

SAP Business One application with ProcessForce

### Partner

Signum Solutions Ltd ([www.signum-solutions.co.uk](http://www.signum-solutions.co.uk))

JDM's focus on innovation and new product development, alongside its partnership approach with customers is what makes it different to similar food companies. It's a combination that has helped the business to grow 54.49% in just the last 3 years and also be awarded 82<sup>nd</sup> place in the Sunday Times Fasttrack 100, celebrating the fastest growing privately owned companies in the UK. Supporting such fast and significant growth, JDM implemented SAP Business One with ProcessForce in 2013, which has already made a huge impact on business efficiency.

“Without a doubt, SAP Business One coupled with the ProcessForce application for food businesses, delivered by Signum Solutions, has had a major impact on business efficiency and I'm certain that it will continue to do so as the business grows.”
